TROOPS TO STAY 15 YEARS

**Allied Forces Will Be
On Rhine for a
Long Period.**

PARIS, April 15.—The council of four decided definitely yesterday that military occupation of the left bank of the Rhine shall continue for fifteen years, the newspapers say. At first inter-allied forces would be used, but they would be withdrawn progressively in proportion as Germany met her financial obligations and be replaced by French and Belgian soldiers.

The Journal says that the territorial commission of the peace conference has decided the Teutonic problem in favor of Bohemia as against Poland.

**RESTAURANTS HAVE
SETTLED WITH
THE UNIONS**

The trouble between the Falstaff cafe and the Cooks' and Waiters' union has been amicably settled, according to a statement given out by both parties. The strike came to an end yesterday afternoon when Thomas Feeney, proprietor of the cafe, and the union officials adjusted their differences.

Mr. Feeney had sued out an injunction to prohibit the union members from picketing his place. The picketing had ceased, but the union announced that it would carry the case through the courts.

It was also announced that three other restaurants, the Potter, Kern's and the Marion would sign terms with the union.

VICTORY LOAN CALLS FOR LARGE SUM, BUT OGDEN AND WEBER COUNTY WILL DO THEIR PART

The committee for the Victory loan campaign in Ogden and Weber county have been named with Chapin A. Day chairman. Martin Brown is chairman for the districts outside the city of Ogden. O. J. Stilwell, of the Ogden Publicity bureau, is named as secretary and Charles Barton is chairman of publicity.

The apportionment of Weber county district, including Ogden City, is \$1,535,750. Of this sum the county has only \$200,000 to raise, leaving Ogden city to bring in \$1,435,750.

It is believed that there will be little difficulty in raising the amount needed, as the investment in the Victory loan is the most attractive yet offered and is a good business proposition.

The city and county have been covered with posters and the preliminary work has been more thoroughly done this time than before. The campaign will not be allowed to lag on account of the small sum asked. Each citizen will be expected to do his full duty, just as when the army was fighting for the freedom of the world.

The following were named as committees:

CASUALTIES OF THE 91ST WERE NOT EXCESSIVE

NEW YORK, April 16.—Discussing the 91st division's casualties, Major-General Johnston, who went abroad with the rank of brigadier-general, said they were not large "when one considers what the 91st has done."

The division lost 1400 killed and more than 5000 were injured.

He added: "We had the greatest difficulty in keeping the convalescent wounded men in the hospitals and when, after our fighting in the Argonne, we went to Belgium and fought in Flanders under the king of the Belgians, many of our men stole from the hospitals, got into the box cars and rejoined their companies. At least a thousand of the men wounded in the Argonne got back to the division in this way."

General Johnston said he had written letters to the governors of the northwestern states which contributed men to the 91st, telling how these troops fought a nine-day battle in the Argonne against crack Prussian divisions and defeated the Huns, then hiked for four days to reach railroad trains to take them into fresh areas of battle.

Mrs. Henderson Dies At Age 85 After a Long Illness

Jane McKay Henderson, widow of the late William Henderson, died at the home of her daughter, Mrs. M. Sherman, 2818 Washington avenue, at 1:30 o'clock this afternoon. The cause of her death was attributed to general disabilities.

Mrs. Henderson was 85 years of age, and had lived in Utah for 64 years. She was born in Glasgow, Scotland, on March 29, 1834. She came to this country as a convert of the Latter-Day Saints and has since that time resided in Utah.

She is survived by her two children, Mrs. M. Sherman and Lemuel H. Henderson.

**Handbill Circulated
In Opposition to
the Bond Issues**

A hand bill petition was circulated about the city and county by parties opposed to the bond issue today. The petition was signed, "Committee of Taxpayers," but gave no hint of who the committee members were, or by what authority they acted in representing the taxpayers.

It was evident that the circulators of the petition did not think much of their own argument. At least they did not regard it highly enough to let it be known who was making the protest.

Two copies of the petition were placed on Mayor T. S. Browning's table this morning. In commenting on

the petition Mayor Browning said: "That is the clique at Slaterville. It is just a small ring that would try to stop the progress of the whole county just because they are opposed to the change that will undoubtedly be made in the outlet to the city sewer. They have opposed city matters before when it was proposed to change the outlet of the sewer. The outlet is used by that district as well as by the city, and if it is changed as proposed they will have to make other provision for themselves. That, I believe, is the sole reason for the opposition. It is certainly not out of a desire to be progressive."

HOPEFULNESS.
"Charley, dear," said young Mrs. Torkins, "I hope you will go right on discussing the league of nations with everybody you meet."

"You think I have the subject pretty well in hand, eh?"
"No, I'm hoping that if you keep on conversing maybe you'll find out something about it from somebody."
